Professional Summary

Final-year Software Engineering student with hands-on experience building responsive web applications using React, Next.js, TypeScript and PostgreSQL. Experienced in UI development, Agile/Scrum delivery and software testing, with a foundation in machine learning using Python (pandas, scikit-learn). AWS-certified in Cloud, Machine Learning and Generative AI foundations.

Education

Universiti Putra Malaysia (UPM) Serdang, Selangor
Bachelor of Software Engineering with Honours 2023 - present
- **Current CGPA:** 3.94
- **Award : 1** Vice Chancellor's Award, **5** Dean's List

Universiti Teknologi MARA (UiTM) Dengkil, Selangor
Foundation in Engineering 2022 - 2023
- Graduated with CGPA of 3.95
- **Awards :** Top 10% Foundation in Engineering Student for Semester 1 & 2

Certification and Qualification

AWS Academy Graduate - Machine Learning Foundations - Training Badge
Amazon Web Services (AWS) Mar 2026
- **Skills:** Machine Learning
- **Credential:** https://www.credly.com/badges/446bd131-f6b2-43b6-a32e-0ebe32e00e97/public_url

AWS Academy Graduate - Generative AI Foundations - Training Badge
Amazon Web Services (AWS) Feb 2026
- **Skills:** Artificial Intelligence, Generative AI, Prompt Engineering, AI Use Cases, Foundation Model
- **Credential:** https://www.credly.com/badges/7235176e-15f9-4fe0-bb8d-24e16defcde7/public_url

AWS Academy Graduate - Cloud Foundations - Training Badge
Amazon Web Services (AWS) Jan 2026
- **Skills:** AWS, AWS Cloud, AWS Core Services, AWS Architecture
- **Credential:** https://www.credly.com/badges/e75da7f9-5eea-4ff6-9966-8701149b219f/public_url

ICDL Teamwork
ICDL Asia Mar 2025
- **Skills:** Teamwork, Microsoft Teams

- **Credential:** https://profile.icdlasia.org/1321e240-c7a2-4021-a771-32b376270e89#acc.xdGMDPAW

ICDL Spreadsheets
ICDL Asia Mar 2025
- **Skills:** Spreadsheets, Microsoft Excel, Google Sheets
- **Credential:** https://profile.icdlasia.org/48eb40a3-d40a-4859-b1b4-287ff9358b8b?utm_source=telegram&utm_medium=social

ICDL Documents
ICDL Asia Mar 2025
- **Skills:** Documents, Microsoft Word, Google Docs
- **Credential:** https://profile.icdlasia.org/1fcd6409-4e12-4031-906a-ea25dec54b1c?utm_source=telegram&utm_medium=social

Projects

Stella - Study Buddy
Personal Project Oct 2026
Role in Project: Full Stack AI Developer
- Developed an AI-powered study assistant designed to enhance student learning through personalized tutoring, interactive quizzes, and structured explanations tailored to different learning levels.
- Integrated intelligent learning features such as Socratic questioning, automated homework analysis, concept mapping, and progress tracking to support active learning, reinforce knowledge retention, and provide a more personalized study experience.

Spotential
Convergence Innovation Competition (CIC) Asia 2026 Aug 2026
Role in Project: Chief Finance Officer (CFO)
- Contributed to the development of an AI-powered business location intelligence platform that helps Malaysian MSMEs make data-driven site selection decisions through market demand, competitor, demographic, and rental analysis.
- Led product planning and feature development for an integrated solution featuring AI-powered location comparison, business viability simulation, and event opportunity matching to help entrepreneurs identify underserved markets, assess financial risks, and make more informed business investments.

Scrap2Go
Entrepreneurship in Computing Course Project Oct 2025 - Jan 2026
Role in Project: UI Developer
- Designed and developed a responsive user interface for a digital platform that streamlines end-of-life vehicle disposal for owners
- Contributed to a full-stack solution featuring AI-powered vehicle valuation, automated towing dispatch, and integrated JPJ e-deregistration, transforming a traditionally manual process into a seamless, transparent, and user-friendly system

ReFeed

Software Development Methodology Course Project Oct 2025 - Jan 2026
Role in Project: Scrum Master
- Led Agile (Scrum) development of a web-based marketplace connecting food waste generators (restaurants) with farmers and feed processors to promote sustainable waste management
- Coordinated team delivery of features including AI-driven hyper-local logistics (5–10km radius), waste classification verification, and an ESG impact dashboard for tracking waste reduction and carbon footprint metrics

Extracurricular Activities

Faculty of Computer Science and Information Technology Student Council (ComCil)
Vice Honorary Treasurer 2024 - 2025
- Monitored and audited the organization's monthly financial transactions and cash flow records.
- Managed budget allocation and expenditure to ensure responsible and transparent use of organizational funds.
- Assisted in maintaining accurate financial documentation and reporting.

Student Representative Council Election Committee (JPMPP)
Audit Committee 2025 - 2026
- Audited vote counts during and after the election process to ensure accuracy and integrity.
- Verified the functionality and reliability of the voting system prior to election day.
- Contributed to maintaining transparency and compliance throughout the electoral process.

Skills

Languages:
- Java
- Python
- SQL
- HTML/CSS
- JavaScript
- TypeScript

Web & Mobile:
- React
- Next.js
- Node.js
- Tailwind CSS
- Android Studio

Databases:
- PostgreSQL
- MySQL

Cloud & AI:
- AWS (core services)
- Machine Learning
- Generative AI
- pandas
- NumPy

- scikit-learn

Tools & Platform:
- Git
- Linux
- Figma
- Draw.io
- Visual Paradigm

Engineering Practices:
- Requirements Engineering
- System Design & UML
- Software Testing
- Secure Software Development
- Agile/Scrum
